

# ISO 14001:2015 Environmental Management Systems Introduction Training Course

## COURSE OVERVIEW

ISO 14001 is a widely recognised accreditation for environmental management systems.

The objective of this course is to provide learners with an overview of the purpose and requirements of ISO 14001:2015.

DURATION: 1 Day

ACCREDITATION: SGS

DELIVERY: Virtual Instructor Led Training (VILT)

LANGUAGE: English

## LEARNING OBJECTIVES

Upon completion of this course, learners will be able to:

- Explain the purpose and requirements of ISO 14001:2015 as a tool for business improvement;
- Understand the application of environmental management principles;
- Explain the relationships between the clauses of ISO 14001:2015.

Learners will need to demonstrate acceptable performance in these areas to complete the course successfully.

## AUDIENCE

This course is suited to anyone working with ISO 14001:2015 Environmental Management Systems standard.

## PRIOR KNOWLEDGE

Before starting this course, it is recommended that learners have prior knowledge of:

- Management systems and understand the Plan-Do-Check-Act (PDCA) cycle;
- Knowledge of the concepts of environmental management and the relationship between an organisation's activities, products and services and environmental impacts;
- Commonly used environmental management terms and definitions, as given in ISO 14001.

# ISO 14001:2015 Environmental Management Systems Introduction Training Course
