IMPROVE YOUR ORGANISATION'S ENVIRONMENTAL PERFORMANCE

## LEARNING OBJECTIVES

Upon completion of this course, learners will be able to:

- Follow a systematic approach to establish processes that will improve your organisation's environmental performance.
- Incorporate the Plan-Do-Check-Act (PDCA) model and risk-based thinking into the management system processes so that you can address risks and make the most of any opportunities.
- Create a culture where employees are encouraged to protect the environment by contributing to sustainable practices that reduce the organisation's environmental impacts and increase its operating efficiency.
- Successfully plan and implement a management system based on an ISO standard.
- Plan an internal audit of an environmental management system against ISO 14001:2015 Ensure changes to processes and procedures are communicated, and everyone is trained to support and contribute to the management system objective.
- Complete an objective evaluation of your organisation's current performance to ensure processes are in place and operating as intended.
- Plan and prepare activities in readiness for the certification audit.
- Verify that the organisation is compliant with its policies, procedures and associated documents using the auditing principles and process.
- Report on the management systems effectiveness by gathering objective evidence and evaluating the extent to which environmental management system is being managed and continually improved

# ISO 14001:2015 Environmental Management Systems Training Course eLearning Bundle
